FAQ

What is the purpose of this building campaign?

The Shelter and Support Center for Exploited Women, Children, and Youth has the potential to not only rescue and restore the lives of individual victims but also to influence entire communities, strengthen the local church, and establish a sustainable and replicable model of holistic care and Christian ministry. Through this comprehensive ministry approach, victims can find healing, freedom, and empowerment, ultimately leading to transformed lives and communities aligning with our vision statement “breaking chains of oppression so that people have an opportunity to encounter Christ, live in freedom and change the world”.

When do we plan to begin construction?

We hope to begin as soon as we are able. There are multiple phases to the project.

Horizon 1
Phase 1: Land Acquisition and Planning (Months 1-12)
Phase 2: Infrastructure Development (Months 12-15)

Horizon 2
Phase 3: Core Facility Construction (Months 15-39)
Phase 4: Landscaping and Additional Facilities (Months 39-52)
Phase 5: Staffing and Training (Months 52-64)

How can I get involved in the campaign?

There are many ways to get involved! You can:

- Pray (please) for For Freedom International and the Building Project.
- Pray for the vocational students of For Freedom International.
- Commit financially to the campaign at https://forfreedom.kindful.com.
- Volunteer your time and talents to support For Freedom International efforts.

What if I can't give a large financial gift?

Have you read about the story of the Widow’s Mite (Luke 21:1-4)? We believe that every gift matters! We are hoping and praying that everyone participates financially. “Equal sacrifice, but not equal gifts.” Here is what we encourage: Pray and ask God what He would like to do in and through you. Our prayer is that he will build our hearts more than he builds the building.

How will we stay informed about the progress?

We will provide regular updates during services, on our website, and through email. You'll also see progress reports in our printed materials and social media posts. Once construction begins, the updates will be right before your eyes!
